Description:
SEA RAY PACHANGA 22

MerCruiser 350 Magnum V8 · Alpha One · Vanclaes Tandem Trailer

Classic performance day cruiser - built in 1987 - only approx. 289 operating hours - exceptionally well-maintained condition

Offer price: 26,900 EUR

Incl. high-quality Vanclaes tandem trailer, year of construction 2020

Description

For sale is an exceptionally well maintained Sea Ray Pachanga 22 from the year of construction 1987 in the classic colour combination Oyster / Red.

The Pachanga series is one of the characteristic American performance boats of its time. The flat, sporty construction, the striking fuselage design and the powerful V8 interior give the Pachanga 22 a very special appearance to this day.

The copy offered here convinces in particular by its remarkable state of preservation, the low mileage and an extensive documentation. Old original documents from 1987 are available as well as current maintenance and repair certificates.

The Pachanga is powered by a MerCruiser 350 Magnum V8 with 270 hp in conjunction with a MerCruiser Alpha One Gen I Z drive. The operating hour metre currently shows only about 289 operating hours.

Sea Ray Pachanger 22

EUR 26,500

Particularly noteworthy is the technical effort of the recent past. In July 2025, extensive work was carried out on the engine, transom and Z-drive at a specialised company. The invoice for this purpose amounts to around EUR 3,600.

Among other things, the engine was removed, the transom plate was dismantled and revised, and various relevant components of the drive was renewed. Bellows, water hose, gimbal bearings, engine brackets, thermostat and impeller were also renewed or revised in the course of the work. In addition, work was carried out on ignition, steering as well as engine and drive technology.

This made investment precisely in those areas that are of particular importance to a classic pleasure boat of this age.

MOTOR & DRIVE

Mer Cruiser 350 Magnum V8

Performance approx. 270 HP

Gasoline

MerCruiser Alpha One Gen I Z drive

Approx. 289 operating hours

Power Trim

Stainless steel propeller

Extensive technical work 2025

Maintenance/workshop invoice available
